Aloha,

I received 14,178 votes in 2002 Primary Election facing my Late Opponent without a single debate. I sent my messages through, news letters, candidates' Manuals in our newspapers, election speeches, and my own Web Page at: www.tataiiforcongress.com I filed my nomination papers for the Candidacy of this race on time before July 23, 2002, on July 22, 2002.

I should have been declared the "Unopposed Democratic Candidate by Default", after clear indications in my Late opponent's total Incapacitation, remaining in Intensive Care Unit since August 30, 2002 through the Primary on 09/21/02 pursuant to HRS section 11-117(b) of Hawaii election laws. Therefore, I am the only Official Democratic Candidate for the 2002 General and my name "Steve Tataii" should have been printed on the general election ballots as the "Unopposed Democratic Candidate by Default".

There is no need for The January 4, 2002 Special election because I am the Only Democratic Candidate who has already prevailed as the Democratic Winner Candidate and as matter of LAW and FACTS. The petition/Declaration:

Hawaii Citizens' Petition/Declaration for Political Equality and Justice"

Calls for the Right thing to do, reversing the injustice against my Candidacy.

Please vote for me in this and the January 4, 2002 Special elections because it is the right thing to do.

Others, Recycled politicians and late comers never filed their nomination papers for this seat before July 23, 2002. For a copy of the petition please call or send me an email
